1 SPARE COPIES

The water works Standing Committee in its resolution No:6/9-12-35 has sanctioned the appointment of one water works overseer on Rs 45 per mensem with effect from 1-4-36 to assist the Municipal Engineer in the discharge of his duties. Of late the work of the Municipal Engineer has become very heavy and it is observed he is finding it very difficult to cope with his work, with the assistance of one Sub Overseer only. The council also has approved of the proposal in its resolution No:1/23-12-35( Copy enclosed). I have also provided for the same in the budget estimates for 1936-37. The Sanitary Engineer in his letter No:510-G dated 19th September 1935 has pointed out that there should be at least one overseer for water works and one for public works under the Municipal Engineer.

p.2 infra

Under the circumstances I request the post of one water works overseer on Rs.45 per mensem be sanctioned to this municipality with effect from 1-4-36.

No. 196-S

*Station* Chepauk, Madras . *Dated the* 24th March 1936.

From (Name) G.V. Rao Esq., B.Sc., Assoc.M.Inst.C.E.,
(Designation) Sanitary Engineer to Government.

To The JOINT Secretary to the Government of Madras,
LOCAL SELF GOVERNMENT Department.

Sir,

Ref: Memo.No.10157-1 E2 P.H. dated 10th March 1936.

The Municipal Engineer on Rs 150-10-200 is now assisted only by one Sub Overseer on Rs 45/- on the public works side. The appointment of a separate Overseer for water works is an absolute necessity as already recommended in my No. 510 G. dated 19-9-1935 to Government - copy enclosed for easy reference.

P7 wipe

The proposal of the Water Works Standing Committee to appoint a water works Overseer on a fixed pay of Rs 45 is not a commendable one. The Commissioner was also informed accordingly while offering my remarks on his budget estimates for

for 1936-37. The person appointed should be at least a Lower Subordinate with some experience and one such cannot be secured for anything less than the lower scale of 50-5/2-75 now adopted for Overseers.

The enclosures to the memorandum are returned herewith.

Temporary draftsman for the Municipal Engineer, Bellary Municipality.

...

Re: Government Memo. No. 35349-1 E.1 P.H. dated 3rd September 1935.

As already reported in my Endorsement No. 266 G. dated 24th May 1935 there should be no need for a draftsman merely for the revision of the plans and estimates for the extension of water supply to Fort and Cantonment area in view of there being a Sub Overseer in the Municipality.

As for the need of a draftsman permanently for the Municipal Engineer's office, I cannot offer any recommendations until the details of work that the draftsman will be entrusted with and asked for in my No. 200 M. dated 20-1-35 are furnished by the Commissioner and fully examined by me.

With regard to the point incidentally raised in the Chairman's communication that the Sub Overseer is unfit to do the duties entrusted to him, the proper course will be to appoint a suitable man on a proper scale of pay. I consider that there should be at least be one Overseer for water works and one for Public Works under the Municipal Engineer. The scale of pay of these Overseers may be fixed at 50-4/2-90.
